NATURAL

Summer Energy

Water is life and vitality. Refreshing, soothing and essential for all living creatures. Serve it ice cold in beautiful carafes. Natural and delicious.

Water with taste

Refreshing

Add slices of lemon or lime and lots of mint leaves. Use also the peel of organic citrus fruits.

Exotic

Put stalks of lemon grass in a carafe. Crush the thick ends or cut them in slices before adding them to the water.

Summery

Use the berries and fruits of the season to flavour the water. Try strawberries, blueberries, watermelon or apples.

COLOURFUL AND *Healthy Smoothies*

Make use of summer's abundance of fruits
and berries. Start the day with a smoothie or
serve as a light dessert.

Smoothie with blue berries

MAKES 2 GLASSES

100 g frozen blueberries,
blackcurrants or blackberries
2 tbsp sorbet
4 dl plain yoghurt
1 tbsp sugar
1 banana
2 cm of raw ginger, peeled
lime or lemon juice to taste
ice cubes
fresh berries

Put all the ingredients except ice cubes and fresh berries in a blender and blend to a foamy mixture. Pour immediately into glasses, add ice cubes and decorate with fresh berries.

You can use strawberries and raspberries instead of blue berries.

Or try kiwi fruits with lots of mint leaves.

CHEERFUL
